

HANNAH UNTARYA

Web Designer | Product Designer

WORK EXPERIENCE

TAKEOFF NYC

Production Designer | Jul 2022 - Oct 2023

- Generated design concepts with a cross-functional team to ensure an insightful and engaging overall creative direction while achieving client objectives.
- Led and completed design tasks which included website audits, research, responsive design, development prep, and creating/sourcing graphics.
- Facilitated client satisfaction by proactively listening and responding to inquiries, offering solutions, and providing recommendations during meetings.

WHISKERCLOUD

Web Development Manager | April 2022 - July 2022

- Assigned and reviewed projects; worked collaboratively with the onboarding team to ensure monthly launch goals were met.
- Lead and grew an existing team, managed professional growth through one-on-ones, established and upheld company expectations, and recruited new team members.

Web Designer | October 2020 - July 2022

- Created and established branded sites based on client logos, briefs, and input during the initial stages of each project's pipeline.
- Responsible for building, managing, and optimizing custom websites for veterinarians around the world using CMS software in a fast-paced and highly collaborative environment.

INTERSECTLA

Visual Designer + Brand Strategist | Jan 2017 - May 2020

- Designed and created content across various platforms for integrated marketing campaigns uniquely tailored to meet each client's needs.
- Experienced spearheading projects and working in an agile work environment with student teams from different academic backgrounds.
